MALONEY'S

General Catalog - Nursery Products

So Easy To Order BY MAIL!

TERMS: Cash with order is required or stock will be shipped C. O. D. All stock f. o. b. Dansville, except as specified.

C. O. D.: Send 25% of total price with C. O. D. orders. Pay balance on arrival to your express agent or (if freight) to your freight agent.

How to Remit: By personal check, express money order, post office money order, bank draft or cash in a registered letter. PLEASE DO NOT SEND STAMPS.

Shipping Season: We ship at the time best suited to your locality. If you desire your stock shipped on a special date, please so state on order blank. We can not guarantee orders to arrive on any certain day.

Order Early: This enables us to assemble your order while supply is unbroken and set aside for shipment at the proper time.

We are members of the American Association of Nurserymen, New York State Nurserymen's Association and National Mail Order Nurserymen's Association.

OUR GUARANTEE

WE GUARANTEE to deliver stock in good condition, up to grade and specifications. If your order arrives in damaged condition, report immediately to carrier and to us. We will correct errors promptly or refund your money. If stock dies due to unfavorable conditions, beyond our control, we will replace at one-half price the next season if notified by August 1st.

Size of Orders: We cannot accept orders for less than \$2.00 under present conditions. This catalog cancels any prices prior to now.

Mailing List: Write us of any change in your home address.

Non-Warranty: No caution could be more exacting than ours. We will, with proper proof, replace free all trees, etc., that may prove untrue to label, or refund the price paid, but we can give no further warranty.

OUR REFERENCES: Security Trust Company, Dansville Branch; Genesee Valley National Bank & Trust Co., Geneseo, N. Y.; Dun & Bradstreet Commercial Agency, New York City.

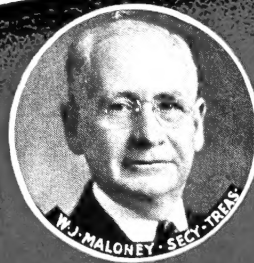

INSPECTION: Our nurseries are inspected yearly by an authorized State Inspector and a copy of our certificate received from the Department of Agriculture and Markets, Albany, N. Y., accompanies each shipment.

W. J. MALONEY - SECY-TREAS.

H. W. MALONEY
Vice-Pres.

The MALONEY nursery is owned and operated by the Maloney family. It has been our aim for 67 years to give you the best nursery stock at a reasonable price. Our nursery is of a size to enable us to personally answer your questions and supervise our entire operation from planting to digging.

ROSES of *Distinction*

ALL-AMERICA AWARD WINNERS

MIRANDY

One of the 10 best of All-America Winners. Large, beautifully shaped buds, perfect flowers, which last and last with the most full-bodied fragrance. Price: \$1.50 each; 3 for \$3.75.

All-
America
Winner
1950

MISSION BELLS

A beautiful deep salmon-pink Hybrid Tea Rose, opening to a clear shrimp-pink color. Borne on long stems, flowers often measure 5½ inches. Price: \$2.00 each; 3 for \$5.00.

PEACE

Golden yellow etched with pink. Color changes from canary-yellow to iridescent cream. Petals are edged with pink. Price: \$2.00 each; 3 for \$5.00.

FORTY-NINER

The outside of the petals is rich chrome-yellow, sometimes overlaid with pink, changing to yellow in the open bloom. The inside face of the petals is a vivid Orient-red. Price: \$1.75 each; 3 for \$4.50.

BRAVO

New for 1951. A large, bold, red Rose. In all our experience we have never seen anything to equal the brilliant cardinal-red color of Bravo, nor have we seen a Rose hold color as it does—even in hottest weather. Price: \$2.00 each; 3 for \$5.00.

UNIQUE Garden Trophies

Fascinating TREE ROSES

For newness in your garden, this aristocrat of the Rose world rises above all others on one straight stem, creating a panoramic beauty within easy picking reach.

Grow as tall as you are. They bloom profusely the first year and produce a quality of bloom which is more beautiful than the regular Hybrid Teas. They bloom from June till frost and do not require special soil. Full instructions for planting sent with each order.

VARIETIES: *Sensation*, red; *Irish Charm*, pink; *Autumn*, variegated; *Golden Rapture*, yellow. **Price:** 4-5 ft., \$5.00 each; 2 for \$9.50.

The New Floribunda

Fashion

Fashion

1950 All-America Winner

FASHION is definitely the finest Floribunda Rose ever created! Coral-pink suffused with gold. The blooms persist without interruption from June until frost. **Price:** \$2.00 each; 3 for \$5.00.

Sutter's Gold

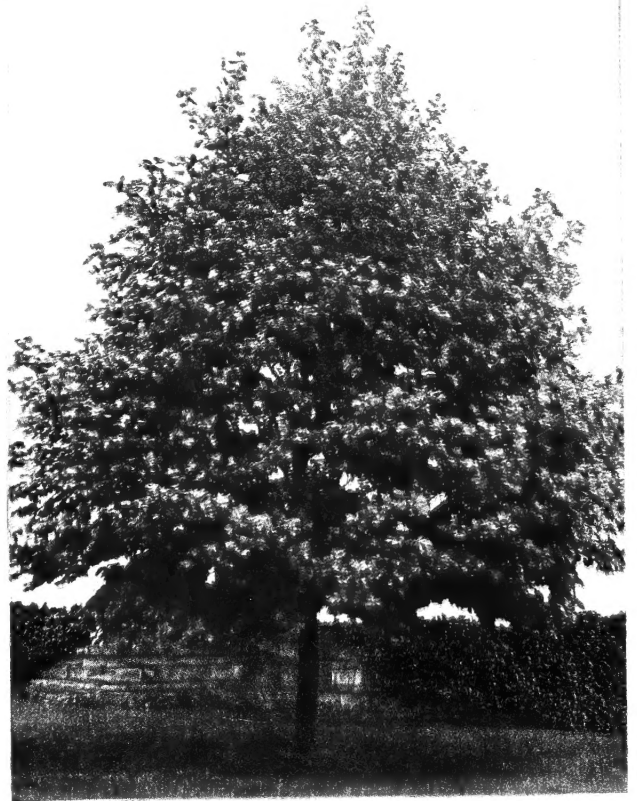

All-America Winner, 1950

Sutter's Gold features exquisite, long pointed, bright yellow buds, richly shaded with orange and red. The opening flower is a lovely high-centered arrangement of about 30 crisp, heavy-textured petals, and it possesses a fragrance unequalled in any other yellow Rose. **Price:** \$2.00 each; 3 for \$5.00.

Lawn Trees for any Home

*Always
Your
Best
BUY*
Maloney's
Decorative
**LAWN
TREES**

Schwedler Maple

Reddish purple foliage in early spring changing to deep bronze. Maturity height 40 to 50 ft. 6-8 ft., \$4.50 each.

The Lovely Orange Berried Mountain Ash, European

Beautiful in the fall with clusters of bright red berries. Beautiful specimen lawn tree. Maturity height 25 to 30 ft. 6-8 ft., \$3.50 each.

**Magnolia
Soulangeana**

Cup-shaped white and rosy violet blossoms 3 to 5 inches across which open before leaves appear. Maturity height 20 ft. 2-3 ft., B&B, \$6.50 each.

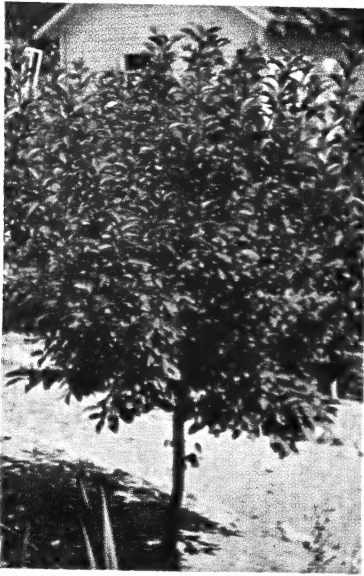

Prunus Triloba

Lovely pink flowers on every twig, in the early spring even before the leaves appear. It blooms in May and attains a height of around 10 ft. 3-4 ft., \$2.00 each.

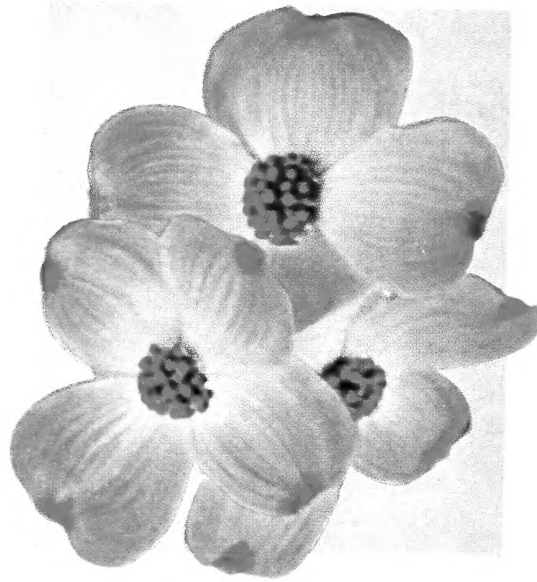

**Magnolia
Soulangeana**

Decorative and Flowering Trees

Prunus Newport

Small growing tree which retains its purple foliage during the summer and has small red fruits in late summer. 5-6 ft., \$2.50 each.

Red Flowering Dogwood

Flowering Dogwood berries and fall foliage offer a display nearly as colorful as the bloom of spring. Grows to 20 ft. tall; red-pink flowers in spring, leaves red in autumn. 2-3 ft., B&B, \$3.75 each.

Judas Tree (Redbud)

Small growing tree of irregular form with heart-shaped leaves. Delicate reddish pink blossoms early in spring. Maturity height 25 ft. 4-5 ft., \$1.75 each.

New Maple, Crimson King

New for 1951. Red leaf, truly the king of all Maple trees. A maroon or red leafed tree which maintains its color throughout the summer. It glistens in the sun. Maturity height 50 ft. Patent No. 735. Price: Branched, \$8.00 each. (Limited supply.)

Yoshino Washington Type CHERRY TREES

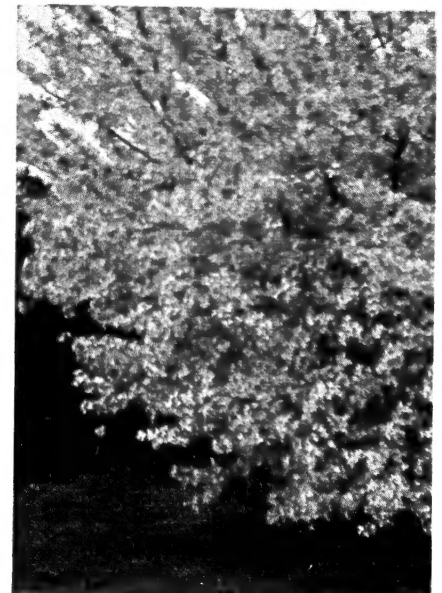

The fame of Washington Cherries has increased year by year. People make pilgrimages from distant states to see them. Maturity height 25 ft.

4-5 ft. \$3.50 each

Redfield Crab

For lawn and ornamental plantings. Has large and very dark pink flowers. Fruit medium size, dark deep solid red color with deep red flesh. Foliage dark with a reddish green tinge early in season. Maturity height 14 ft. 4-5 ft., \$2.50 each.

8-10 ft. 3.75 each; 3 for 10.50

HOW TO PLANT A TREE

HOW TO USE WEEPING WILLOWS

Testimonials Galore - READ THEM

Quality Can Never be Measured by a Price Tag

A fine product is resultant of men of knowledge and the ability to produce.

These unsolicited testimonials are but a few of the many that come to Maloney's each year.

They are appreciated beyond words as they truly express the sentiment of a satisfied clientele.

Harrisburg, Pa.
June 6, 1950

Gentlemen:

I purchased several roses from you during the past few months and am very well pleased with them and am sure they will prove a valuable addition to my selection. I have all told 120 roses and have made a print of their location, name, size, and a picture from catalogs.

Yours very truly
W. A. Blessing

Rochester, N. Y.

Gentlemen:

The two peach trees you sent in replacement have been received in excellent condition and are now planted according to the instruction sheet.

I appreciate this courtesy very much and shall always think of the Maloney Nursery Co. as highly considerate and generous in the sale of nursery stock and as first class growers of the same. I thank you sincerely and for all other courtesies extended through several years.

Very truly yours,
Rev. Oscar D. Brownback

Southboro, Mass.

Gentlemen:

My order of nursery stock was received yesterday. May I express my pleasure, not only in the pleasure, condition of the quality, delivery. The trees and shrubs arrived timing of rain in six weeks. I could not have chosen a better planting time.

Yours very truly
Louis J. Gillespie

Toledo, Ohio
June 13, 1950

Gentlemen:

First I want to tell you how wonderful your nursery stock is. I have ordered from many nurseries but your shrubbery is the best I have ever received.

Very truly yours
Mrs. Geo. Martin

South Paris, Me.
June 1st, 1950

Gentlemen:

I thought you might be interested in knowing that the two tree roses "Sensation" and "Golden Rapture" were received in perfect conditions, been planted and are doing most wonderfully, already leaved out. I certainly will want six more next spring.

Very truly yours
Louis A. Couture

Use QUALITY LAWN SEED

Very few kinds of grasses are suitable for lawns, and seeds from these varieties are naturally more expensive than those of other less desirable grasses. Such factors as freedom from weeds, fineness of texture, resistance to trampling, firm turf and hardness determine the final result. MALONEY'S Seed, in soil properly prepared and fertilized, will give you a lawn of quality.

Lawn Grass Seed

All our grass seed has been carefully selected, cleaned and tested. The analysis and germination test is printed on a tag attached to every bag of our lawn seed. Our mixtures are blended from proven formulas.

For new lawns use about 1 pound to 300 square feet, rebuilding old lawns 1 pound to 600 square feet.

"GREENSWARD" LAWN MIXTURE.

Will give you a good lawn at a low price. Contains quick growing grasses that produce a beautiful lawn in a short time. Prices: 1/2 lb., 50c; 1 lb., 90c; 2 lbs., \$1.75; 5 lbs., \$4.25; 10 lbs., \$8.30; 50 lbs., \$40.00; 100 lbs., \$77.00.

"EXTRA FINE" LAWN MIXTURE.

Contains the best quality seeds most desirable for a fine, thick, deep green turf that will stand for many years. This is our super-quality mixture. Prices: 1/2 lb., 55c; 1 lb., \$1.05; 2 lbs., \$2.05; 5 lbs., \$5.00; 10 lbs., \$9.80; 50 lbs., \$47.50; 100 lbs., \$92.00.

"SHADY PLACE" LAWN MIXTURE.

A mixture specially suited for planting in shady spots. Sow one of our other mixtures on the sunny part of your lawn, but be sure to also use this "Shady Place" mixture under trees, etc. Prices: 1/2 lb., 65c; 1 lb., \$1.25; 2 lbs., \$2.30; 5 lbs., \$5.55; 10 lbs., \$10.90; 50 lbs., \$53.50; 100 lbs., \$105.00.

AMERICAN BEAUTY. Hardy. Rosy carmine; large size blooms. One of the best climbers.

MARY WALLACE. The outstanding large-flowered pink climber.

PRIMROSE. New hardy climber, blooms profusely with large, double, canary-yellow flowers.

PAUL'S SCARLET. Large, vivid scarlet-red. Will not fade.

ROYAL SCARLET. Intensely fragrant, dark velvety scarlet; a continuous bloomer, vigorous, hardy.

SILVER MOON. Large, semi-double white with yellow stamens.

TALISMAN. Multi-colored blooms, same as the parent bush.

Baby Ramblers Make Attractive Small Hedges

NEW POLYANTHAS

—Baby Ramblers

—Everblooming

The Climbers are Very Popular for Vigor and Hardiness, and for Their Thousands of Blooms

Price: 2-yr., choice plants, \$1.10 each; 3 for \$3.15; 5 for \$5.00; 10 for \$9.50.

CAMEO. Shell-pink and salmon with a glow of gold; blooms continuously.

GOLDEN SALMON. Beautiful red-salmon, overlaid with orange and gold. Light eye.

IDEAL. Dark scarlet in immense compact clusters; free-flow-ered.

KATHARINA ZEIMET. Double, pure white, fragrant, in large clusters.

PINK LAFAYETTE. Medium sized, very lasting blooms of clear pink. Profuse.

LARGE JUNE or PERPETUAL ROSES

Perpetuals grow like Hybrid Teas only taller and more vigorous. Excellent for cold climates.

Price: 2-yr., choice plants, \$1.10 each; 3 for \$3.15; 5 for \$5.00; 10 for \$9.50.

FRAU KARL DRUSCHKI. Large snowy white blossoms. Buds long and beautiful. Large blooming.

GENERAL JACQUEMINOT. An old favorite, clear red.

PAUL NEYRON. Large, double blooms of rosy pink.

We employ the most scientific and up-to-date methods in the operation of our Nursery, thereby assuring our customers of choice and "superior" quality materials.

See pages 3, 4, 5 and 6, for other Roses.

Paul Neyron—An Extra Hardy Pink Perpetual

ALL Evergreens

Are taken up expertly to secure the tender roots and balled and burlapped in wet moss. This eliminates fifty to sixty pounds of soil, making low cost express shipments possible, insuring excellent growth and quicker root action. In planting, remove burlap and use peat moss in hole around roots.

TAXUS MEDIA HICKSI

Beautiful dense, columnar form; bright red berries in fall. Heavily sheared for specimens. For use in shady places and for foundation planting. Maturity height 5 ft.
12-18 in.\$3.60 each

← SEDUM SPECTABILIS BRILLIANT

Large amaranth-red flower heads. Fine for dry hot places or even in shade. Indispensable for fall blooming as well as July and August. Maturity height 18 in. **Price: 50c each; 3 for \$1.35.**

→ PACHYSANDRA TERMINALIS

Evergreen ground cover. Does well in shade or sun. Maturity height 8 in. **Price: 40c each; 3 for \$1.05.**

More Good Perennials

POPULAR PERENNIALS NOT ILLUSTRATED

Perennials are shipped separate from all other nursery stock by parcel post or express prepaid. **Price: 2-yr., field-grown plants, postpaid, 40c each; 5 for \$1.75; 10 for \$3.00 (except as noted after some varieties).**

ORIENTAL HYBRID POPPIES. Mixed blooms of salmon, pink and red. Maturity height 2½ ft.

ORIENTAL POPPY. Tremendous cup-shaped blooms of bright-est crimson-scarlet with large purplish black blotches at base of petals. Maturity height 3-3½ ft.

HOLLYHOCKS, DOUBLE MIXED. Colossal spikes of bloom producing showy effect. Maturity height 6 ft.

PENTSTEMON, PINK BEAUTY. Tall spikes of rosy trumpet-shaped flowers in June. Maturity height 2 ft.

POLYGONUM REYNOUTRIA, DWARF. Fine ground cover. Does well in poor or rich soil. Thrives best in full sunlight. Light green foliage turns brilliant red in fall. Aug. and Sept. 4 to 8 in. at maturity.

PYRETHRUM, MIXED. Painted Daisies of mixed shades of pink, red and white. Fine for cutting. Maturity height 2 ft.

TEUCRIUM CHAMAEDRYIS. Glossy green foliage resembling dwarf Boxwood. May be used where Boxwood is not hardy. Can be clipped to any height up to 12 in.

VIOLA, ARKWRIGHT RUBY. New variety of large flowered type. Bright rosy carmine blooms with terra cotta shadings. Dwarf.

CARNATION, MIXED. Double flowers of mixed colors. 8 to 10 in. at maturity. **Price: 40c each; 3 for \$1.05.**

Gladiolus- LONG SPIKED

Not less than 5 of a variety. No. 1, large size bulbs. Price prepaid (except as noted): 10 for 75c; 25 for \$1.65; 50 for \$3.00; 100 for \$5.50.

ANNAMAE. Very early pure white. A good commercial and a heavy producer of bulblets which grow readily.

BIG TOP. Really immense in size. Light pink with small carmine feather. Opens 7 on a 20-bud spike.

BLACK OPAL. Sensational, very dark red. 8-10 open on a long flower head. Fine show flowers.

CHAMOUNY. Tall, dark rose bordered with silver. Opens 8 to 10 medium sized florets. Color exceptionally and strikingly beautiful.

ELIZABETH THE QUEEN. The best and most beautiful lavender. Not exceptionally tall but fancy even when short. Opens 7 to 8 needle-pointed florets on an 18-bud spike.

GOLD DUST. A very early, deep yellow. Quite tall and an excellent commercial variety. Fine for home gardens as well.

LAVENDER QUEEN. Deep lavender-mauve that takes in real hot weather. Very strong grower.

MOHAWK. Deep glistening maroon that opens up to 10 blooms at a time.

ORANGE PRINCE. Color is dazzling orange with flame throat marking. Doesn't burn in hot sun.

PANDORA. Clear, soft, geranium pink with somewhat darker lines in throat. 8-10 open on a medium height plant. It makes an excellent cut flower and will win ribbons at the shows.

PELEGRINA. Early dark blue. One of the darkest blue ever found in Gladiolus.

PICARDY. Most popular variety grown. Very tall salmon-pink.

PURPLE SUPREME. Medium purple with silver edge on the petals. Will open 10 on a shoulder-high plant.

RED CHARM. A red of outstanding merit. Will open 10 on a tall, well-built plant.

SURFSIDE. Ruffled white with slight penciling in the throat. Heavy grower.

WHITE GOLD. Very large clear light cream, shading to golden throat.

YELLOW HERALD. Very early clear yellow with a larger floret and many open. It blooms in about 60 days and is an exceptional bloom for so early a variety.

The following are at these prices: 10 for \$2.50; 25 for \$5.00; 50 for \$9.00; 100 for \$16.00.

ABU HASSAN. Dark violet-blue about the color of old Pelegrina. Large flowers; straight strong stems.

BURMA. Very large, deep rose, shading to lighter throat. Ruffled. Opens up to ten.

DIEPPE. Opens 8 scarlet florets near 5½ in. wide. Increases easily and has commercial possibilities.

GOLDEN ARROW. Pure pastel yellow, no marking, no greenish cast. Straight, eight 5½-in. florets open. Vigorous growth.

LEADING LADY. Most popular Picardy sport. Leading white. Creamy white with no marking. Excellent grower.

Garden and Orchard

BIG Cropper Varieties

*Maloney's Trees
Bear Young and
Every Year*

3 Sour!

Great Montmorency

Sour. The best and largest Sour Cherry grown for market and canning. A Montmorency Cherry orchard is a good investment. Canning factories use hundreds of tons yearly. Our marvelous strain is resistant to **Yellow Leaf**. Fruit dark red, very firm, fine flavor, regular bearer of enormous crops, ships well and brings highest price of all Sour Cherries. Excellent for pies. Mid-July. Decorative in the lawn.

Early Richmond

(English Pie Cherry)

A well known and old standard variety. Fruit clear, bright red, of medium size, acid, rich, and one of the best for canning and for pies. Bears in June. (1-year only.)

English Morello

Small round headed tree, large dark red fruit. Good quality, excellent for pies. July.

CHERRY COLLECTION No. 3

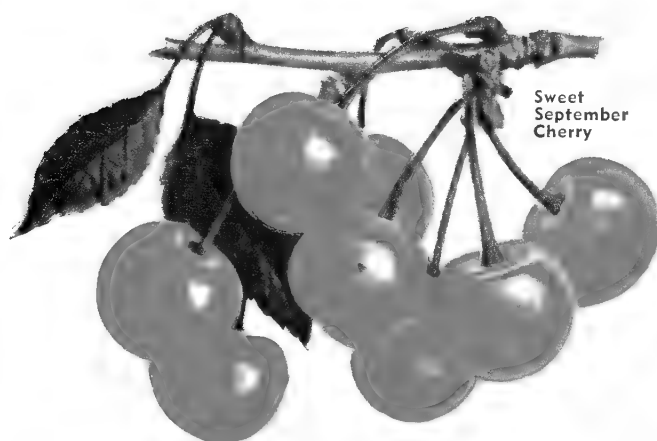

1 Black Tartarian
1 Emperor Francis
1 Montmorency (2-yr., 4-5 ft.)
2-yr., 5-6 ft. trees
3 for \$5.40

Maloney's Cherries are Preferred Varieties

BLACK TARTARIAN

Very large, bright purplish black, tender, juicy, very rich. Tree remarkably vigorous and erect grower, and an immense bearer. One of the most popular varieties in all parts of the country. Late June.

Sweet
September
Cherry

SWEET SEPTEMBER

The fruits are an attractive medium dark red, similar to the Windsor, deliciously sweet; excellent for eating fresh or canning. Ripens about September 1st. Hangs on tree about 3 weeks after ripening. Price: 2-yr., 5-6 ft., \$3.00 each; 5 for \$14.25. 2-yr., 4-5 ft., \$2.50 each; 5 for \$11.75.

NAPOLEON (Royal Ann) ➡

(Sweet.) Fruit is large, light amber over-toned with red—used for canning and maraschino purposes. Enormous crops. Early July.

WINDSOR

(Sweet.) Exceptionally large, juicy, firm; flesh pinkish, sometimes streaked. Good quality, excellent bearer. Tree rapid grower, vigorous, upright. Fruit popular for its large size and dark color; almost black. Best commercial variety. Late July.

Prices of Sweet Cherry Trees

The Great Bartlett Pear

Fancy BARTLETT PEARS

Always "Top" the Market

One or two Bartlett Pear Trees planted in the home garden will furnish a considerable amount of fruit that is A-1 in quality and quantity, and tops for either cooking or eating. It is recognized as the leading commercial Pear. Large, yellow, waxy, rich and juicy; tree hardy, regular and heavy bearer. Early October.

NEW SEEDLESS PEAR No Seeds—No Core

A new fruit sensation. New discovery in a seedless and coreless Pear. Resembles Bartlett in many ways, including its color. Ripens 10 days after Bartlett, a season in which no other good varieties are on the market. Keeps well in storage and ripens evenly.

Price: 2-yr., 5-6 ft., \$2.50 each.

BEURRE BOSCH. A delicacy in Pears. Large, yellow, flesh white, rich and delicious. Very popular early winter Pear. October-January.

CLAPP'S FAVORITE. A large, fine Pear resembling Bartlett; pale lemon-yellow with brown dots of fine texture. Melting, buttery, juicy and delicate flavor. Trees hardy and productive. August and September.

GORHAM. Fruit resembles Bartlett in size, color and shape. Excellent flavor. Two weeks later than Bartlett. Mid-October.

KIEFFER. Large, golden yellow. October-January.

SECKEL. Small, yellow, red cheek, juicy, excellent for pickling. Mid-September.

SHELDON. Large; sweet, yellow and green. Early October.

HOWARD'S MIRACLE PLUM

(Patented)

The fruit averages in diameter 2½ in. Flavor similar to Nectarine, Peach and Plum mixed. Delicious in preserves. Fruit ripens July and August. May be grown in small garden. Does not need pollenization; exceptionally hardy. Price: 5-6 ft., \$2.00 each; 3 for \$5.75; 12 for \$20.00.

PLUMS... *Maloney's Low Heading Varieties*

Plums Grow Everywhere - Defy Cold Climates

Plums and Prunes

STANLEY PRUNE

(New.) Introduced by New York Experimental Station. Large, prune-shaped; dark blue becoming bluish black. Flesh greenish yellow, juicy, fine grained, sweet. Freestone. Mid-September.

EUROPEAN VARIETIES

BRADSHAW. Very large and fine early Plum, dark violet-red, juicy and good. Very productive, valuable for market. Late August.

FELLENBERG PRUNE. (Italian.) The most popular commercial Prune. Valuable for dessert, for market and drying or preserving. Fruit large, dark purple with blue bloom, oval, pointed and tapering. Flesh is juicy and delicious, separating freely from the stone. Late September.

IMPERIAL GAGE. Large, greenish. Middle of August.

LOMBARD. Handsome reddish Plum. Flesh yellow, juicy, pleasant. An excellent variety and can be relied upon for a crop when other varieties fail. Late September.

SHROPHIRE DAMSON. Productive, dark purple. Early October.

JAPANESE VARIETIES

ABUNDANCE. One of the best Japan Plums. Tree grows rapidly, is healthy, comes into bearing remarkably young and yields abundantly. Fruit medium size, amber with markings of red; juicy, sweet. August.

BURBANK. Large, round, red variety, full crop every year. Trees bear heavy, often need thinning. Tasty, yellow flesh; fine, firm texture. Early August.

CUMBERLAND

A new variety introduced by the New Jersey Experimental Station. Tree is a vigorous grower and very hardy. Fruit red, flesh white. Mid-July. Freestone.

GOLDEN JUBILEE

Introduced by the New Jersey Experimental Station. It is proving to be a real money maker. Best canning Peach of all hardy varieties. Fruit large, yellow; flesh yellow, tender, juicy and sweet. Fruit improves as the tree grows older. Late August. Freestone.

Good and Proven Varieties

BELLE OF GEORGIA. Large, white, red cheek. Late July. Freestone.

CRAWFORD LATE. Large, yellow with red cheek. Flesh yellow, melting, very good. Late September. Freestone.

EARLY ELBERTA. Large, yellow, good quality, similar to Elberta. Valuable because it ripens about 10 days earlier. Freestone. Early September.

J. H. HALE. Always popular. Makes a fine back yard variety. Large, yellow overlaid with carmine. Flesh yellow, fine grained. Late August. Freestone.

REDHAVEN. Redhaven has the famous flavor bred into South Haven and Hale-Haven. It's a hardy variety and a big yielder. Excellent garden variety. Earliest yellow freestone. Mid-August.

ROCHESTER. Good sized yellow. Mid-July. Excellent for roadside stands for it cans well. Freestone.

SOUTH HAVEN. This variety is increasing in popularity. Golden yellow with red blush, juicy and deliciously sweet. Late September. Freestone.

VEDETTE. Ripens a few days before Valiant. It was obtained from an Elberta seed. The tree is productive and the fruit is large, roundish, oval, yellow fleshed. Some classify it as superior to its parent, not only in quality but color as well. August. Freestone.

for high quality stock*

Hale-Haven

HALE-HAVEN

This exceptionally fine Peach is the result of crossing the marvelous J. H. Hale with South Haven. Fruit large, beautiful yellow. Flesh yellow, high quality, good shipper. Its high color even before ripening enables premature picking for distant markets. Tree is hardy, strong grower. Yields heavy crops early September. Freestone.

ELBERTA

Best commercial money-making variety. Fifty per cent of all Peaches planted are Elberta. It has proven its ability to adapt itself to varied climatic and soil conditions. Tree hardy, disease resistant, very thrifty and productive. Fruit large, oval, yellow and red cheek. Flesh yellow, firm, juicy, of high quality. Splendid shipper and keeper. Mid-September. Freestone.

Better New Peach Varieties

DIXIGEM. (2C). New early, yellow-fleshed Peach ripening several days ahead of Golden Jubilee. Freestone.

FAIRHAVEN. A new Peach introduced by the South Haven Experiment Station. Very heavy producer with large fruit ripening just after Golden Jubilee. Freestone.

GOLDENEAST. (N. J. 87). A large, oval, highly colored yellow fleshed Peach ripening about 15 days before Elberta. Freestone.

SUMMER CREST. (N. J. 94). Large, yellow Peach which gets red all over. World's highest colored Peach with excellent flavor. Ripens just before Elberta. Freestone.

SUNHIGH. (N. J. 82). Large, bright red all over. Large crops annually. Flesh has a tendency to adhere to pit when hard ripe.

TRIOGEM. (N. J. 70). Deep red, highly colored Peach. Ripens just after Golden Jubilee, colors up and stays firm on tree for a week. Tree hardy and productive. Freestone.

ROGERS McINTOSH

Solid red McIntosh, classed as one of the most valuable new fruit introductions in years. Annual bearer. Fruit is the same size as the common McIntosh, but it is not striped. Flesh white, fine grained, very tender, juicy and refreshing. Better quality than common McIntosh and hangs better on tree. October-January.

Rogers
Better McIntosh

RED NORTHERN SPY

Red Spy is typical Northern Spy Apple except in color. The Red Spy colors a solid bright red without either stripes or splashes. Very popular winter variety. December-March.

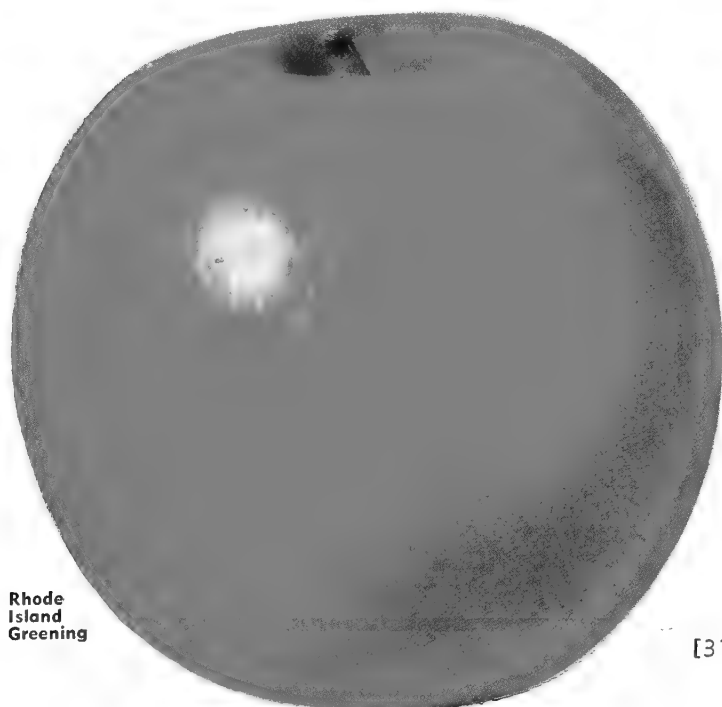

R. I. GREENING

Fruit large and handsome, smooth, dark green overspread with yellow. More highly prized for cooking than any other Apple. Excellent keeper; tree very heavy yielder. December-May.

EARLY McINTOSH

For home, orchard or commercial use, this is the ideal variety to plant. Tree vigorous grower. It is an annual bearer. Fruit same size, quality and flavor as McIntosh red. Late August.

DELICIOUS

Preferred APPLE COLLECTION No. 7

1 Red Spy 1 Cortland 1 Yellow Delicious
2-yr., large, 5-6 ft. trees
3 for \$4.35

The Preferred **YELLOW DELICIOUS**

YELLOW DELICIOUS

This predominately golden colored Apple supersedes all others for appetite appeal. It has the same unique form as the Red Delicious and is a favorite with home gardeners as well as the commercially minded grower. Juicy and fine quality. October-April.

CORTLAND

Beautiful red Apple, larger than McIntosh. Matures a month later. Excellent quality. Keeps late in winter and can be handled and shipped like the hardiest market varieties. Fine for culinary purposes. November-March.

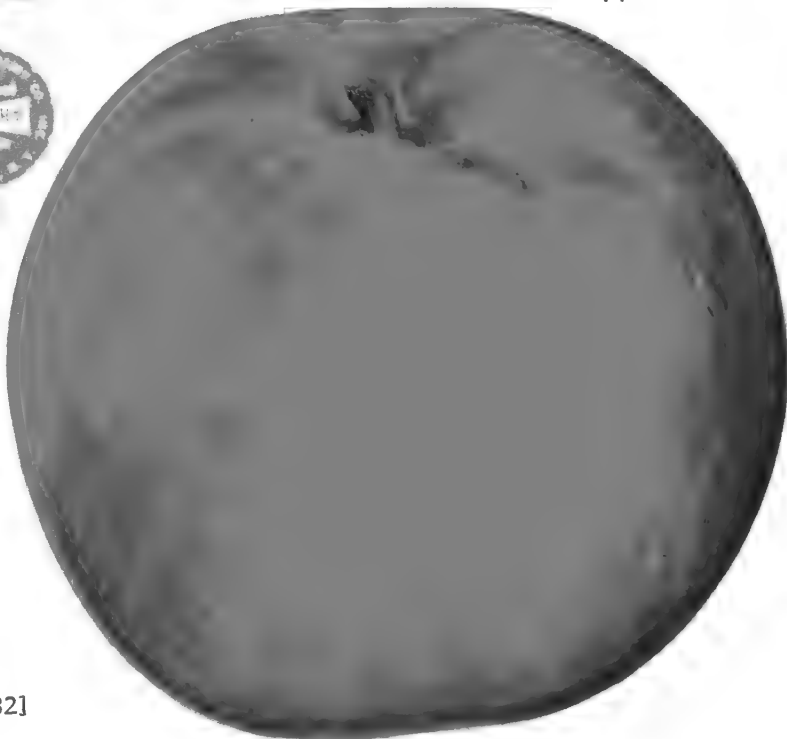

DOUBLE RED DELICIOUS

Solid lustrous red without stripes. Fine grained flesh of excellent quality and flavor. Annual bearer. One of the most highly prized winter eating Apples. Everyone should have a few trees of this variety. November-April.

It Will Pay You to Buy Maloney's Fruit Trees

These trees are grown to make sure that they can be transplanted without setback to their growing and bearing power. By our method of propagating heavy, fibrous roots and beautiful tops are formed. This means that you get a tree true-to-name, trained and developed to take hold at once in a new location, a tree that is far superior in vigor and fruitfulness. All fruit trees are inspected for trueness to name by famous authorities.

2-yr. tree,
5-6 ft. tall

SUMMER VARIETIES

RED ASTRACHAN. A good bearer, fruit handsome, large, round, covered with deep crimson. Flesh juicy and tender. Good summer Apple. Early Aug.

YELLOW TRANSPARENT. Tree grows upright, hardy, early bearer. Fruit good size. Skin clear, white to pale yellow in color. Flavor very good. Is an excellent cooking Apple known to the housewife everywhere. Early August.

MACOUN. Dark red; white fleshed; rich flavor. October-March.

McINTOSH RED. Valuable, hardy, attractive Apple; good size, nearly covered with red. Flesh white, fine, very tender and refreshing. A good annual bearer, comes into fruiting early. Yields large crops. October-January.

MILTON. McIntosh-like but ripens a month before McIntosh. Fruits pinkish red with heavy bloom; flesh white, tender, crisp, juicy and of McIntosh flavor and aroma. September-October.

These big 5-6 ft. super size trees are the finest 2-year-olds we can grow. They are the largest and sturdiest size of 2-yr. tree, tall as you are and carefully dug to give immediate results.

AUTUMN VARIETIES

POUND SWEET. (Pumpkin Sweet.) Large yellow, russet Apple, very sweet. Late September.

RED GRAVENSTEIN. A new red sport. Differs from the old Gravenstein only in the solid dark red color of the fruit. Early September.

RED ROME. Rapidly becoming a leading commercial variety having the same shape and texture with equal or better quality than Rome Beauty. December-March.

ROME BEAUTY. Large, round. Red striped. December-March.

STAYMAN RED. Solid red without stripes. Does not crack at stem; crisp and juicy. Will not scald in storage. December-April.

TWENTY OUNCE. Very large, yellow striped red, fine quality, good keeper. October-January.

WEALTHY. Red, flesh white, sub-acid. October-January.

4-5 ft. Size

Select Trees

A smaller tree, just as hardy, having all the qualities of the 5-6 ft. tree, but lacking the size. An exceptional buy on a better than average tree.

ADDITIONAL WINTER VARIETIES

BALDWIN. Large, red, crisp, juicy. Good eating and cooking Apple. Tree vigorous and productive. December-March.

GALLIA BEAUTY. Solid red, high quality. December-May.

GOLDEN RUSSET. Clear golden russet. November-April.

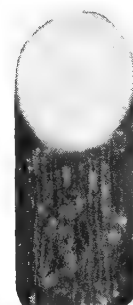

JONATHAN DARK RED. For eating fresh, dried, cooked, baked. Skin is rich red all over, long before ripe. A quick seller. Keeps all winter in storage. Jonathan trees bear young and always produce a full and profitable crop. Preferred long-distance shipper. Better quality than common Jonathan. November-March.

Crab Apples

Big Croppers for Fine Jelly

DOLGO CRAB. Handsome red Crab Apple. Fruit jellies easily. Early September.

HYSLOP CRAB. Fruit large, deep crimson. Desirable for home use and market. Late September.

2-yr. tree,
4-5 ft. tall

Decorative & Edible Nut Trees

BUTTERNUT

An unexcelled decorative tall growing tree that not only provides welcome shade and a decorative feature in the home or grounds, but it brings annually delicious Butternuts so frequently used in the luscious cakes mother loves to make.

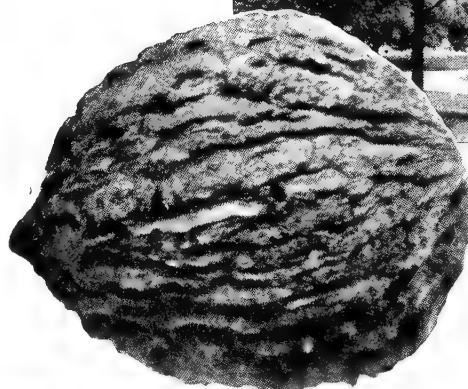

Once planted you will get oodles of fine flavored nuts annually.

Price: 3-4 ft.,
Each \$2.25

FILBERT, AMERICAN (Common Hazlenut)

Produces abundant crops of roundish nuts of fine flavor; hardy and productive. Prefers rather moist soil. 3 to 4 ft., \$2.00 each.

BLACK WALNUT

Bears heavy crops of large, round nuts of excellent quality. Tree rapid grower, attaining large size and majestic form. Valuable for timber. 4 to 5 ft., \$2.50 each.

Grow English Walnuts

A paperlike shell that often can be broken open with the hands. Makes a lofty tree, good in the lawn. Grows successfully in the Northern climates. 2-3 ft. sizes, \$2.00 each; 3-4 ft. sizes, \$2.50 each.

New Better CHESTNUTS

The Highly Prized Sweet Chestnuts Gathered Each Fall

Gone are the famous American Chestnuts of yesteryear and in its place comes the New Chinese Chestnut. Now highly disease resistant and extremely hardy for Northern climes. Thanks to our good U. S. Department of Agriculture.

Unsurpassed as a decorative lawn tree it grows tall, providing plenty of shade in the home grounds, besides yielding an annual crop of the finest sweet Chestnuts so loved by everyone.

Get your order in early.

Price: 2-3 ft., \$2.50 each;
3-4 ft., \$3.00 each.

A new Hybrid—a product of cross-breeding to resist blight. Trees are populating American gardens rapidly.

Know How to Plant and Prune READ CAREFULLY

Planting Instructions

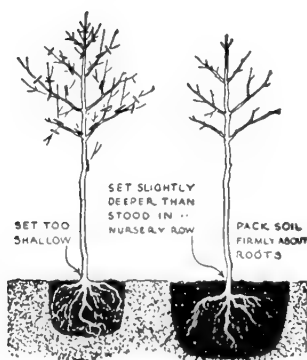

Nursery stock, the same as farm seeds or flower seeds, responds readily to well prepared fertile soil. You would not expect to get results by planting corn, potatoes or flower seeds in sod. Prepare your soil for nursery stock the same as you would for any other farm or garden product.

Prepare the soil by deep spading or plowing. Have it mellow and well fertilized. (Never put fertilizer of any kind so that it comes in direct contact with the roots of the tree or plant. Except Ra-Pid-Gro—see catalog page 37.)

How To Plant Trees

PLANTING: Dig a hole, large enough to accommodate the roots without crowding. The hole should be a little deeper than is necessary to plant the tree as deep as it was in the nursery row. Spread the roots out in a natural position. Then fill in with some of the fine top soil, joggling the trees up and down to work the soil in well around the roots to avoid air pockets. Press or tramp earth firmly; use your feet—pack earth quite solid. Now fill the hole half full of additional soil. Slowly pour on water to thoroughly wet soil. Let settle, then fill with earth, pressing the earth down firmly around the tree or plant. Cover depression caused by trampling around tree or plant with the rest of the soil, leaving loose to absorb moisture.

— Pruning Instructions — For Fruit Trees

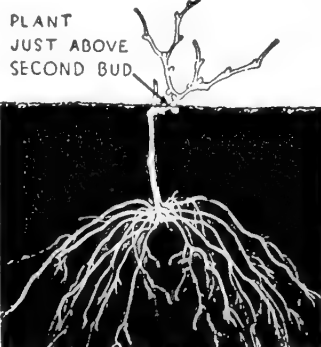

All roots and tops should be pruned before planting. When properly pruned, tree should not have more than 3 or 4 branches.

Illustration "C" shows the correct way of pruning both roots and tops.

Fruit trees planted in the fall need not have the tops permanently trimmed until the following spring, after danger of hard freezing is past and before the buds start.

Planting Blackberries and Raspberries

BLACKBERRIES and RASPBERRIES: For field cultivation set Blackberries 3 feet apart in rows 7 feet apart. Set Raspberries 3 feet apart in rows 6 feet apart. For garden culture the plants may be more closely spaced. After planting, cut branches back to within a few inches of the ground. (See pages 39, 44, and 45.)

Grapes (See Page 47)

Work the soil thoroughly before planting Grapes, and dig the hole broad and deep (several inches deeper than enough to receive the roots). Fill it up to the right depth with rich soil, and firm the earth well about the roots, as the hole is back-filled.

Pruning. The fruit of the Grape is produced on the current year's growth of canes. These canes should be pruned each winter so that only one of the buds remain on each stub. The young plant is trained to one shoot until it reaches the top of the trellis, to which it is tied. Two canes are allowed to grow from the top the second year, forming a framework for the succeeding growth. Remove all growth that starts on the main trunk as soon as it appears. The third year the cross-arms are pruned back to six or eight buds. These produce the bearing shoots.

Planting Rhubarb And Asparagus

RHUBARB: Plant Rhubarb 3 feet apart in rich garden soil, with bud or eye 1 inch below the surface of the soil.

ASPARAGUS: Set Asparagus 1 foot apart in rich soil. Plant in a furrow 9 inches deep. Cover with 3 inches of soil and tramp down. When cultivating work soil at edge of furrow toward plants so that by mid-summer the ground is level. DO NOT cover plants over 3 inches deep at first or they will be smothered. (See page 34.)

Blueberry Plants

Blueberries will grow in any good garden soil. A well-drained sandy loam, acid soil is best. Muck soil may be used if it is acid and properly drained. Good air circulation is important. Common sulphur and peat moss will make soil acid.

Set the plants 4 by 10 feet apart. Cultivate once a week. Do not fertilize until plants have been set a year or more. Use Ra-Pid-Gro fertilizer or any reliable fertilizer, following directions.

Prune plants when dormant in early spring, starting the fourth year. Remove one or two old canes each year, and lightly thin out the tops in remaining old canes. Thinning increases size of fruit. Plants in garden may be watered once a week during dry weather.

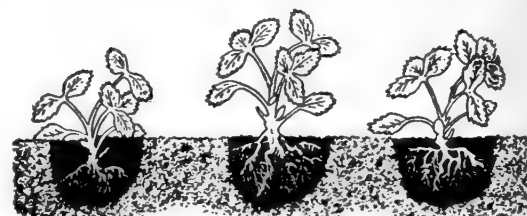

Illustration F

STRAWBERRIES: Have ground thoroughly pulverized. Plant with a spade 1 ft. apart in the row and 4 ft. apart between the rows. Push spade into ground to full depth. Press it to one side, insert roots and spread them out fan shape and hanging down to their full length. Set plant with crown at surface of earth. DO NOT GET CROWN COVERED WITH EARTH. (See illustration "F".) Remove spade and press earth against roots by placing foot on either side of plant. Pull some loose soil around plant. Remove all bruised or dry leaves. (Page 48.)

95% of gardening failures result from improper planting. Maloney's send you FREE a complete booklet on planting and pruning with each order. Order early. We ship at proper planting time.

Requisites for Garden Success

G. S. "MASTER" SPRAYER

Ideal for the home. Sprays 30 feet. May be used with water, paint or white-wash. Unusually sturdy and easy to use. Weighted end of 5-foot hose is placed in pail containing the spray mixture; all-brass telescoping nozzle projects a spray from a fine mist to a 30-foot stream. Adjustable, non-clogging nozzle with goose-neck for getting under foliage. Easily cleaned. Will not wear out or break. Full instructions included. **Price: \$8.95 each.**

ALUMINUM SULPHATE. Makes soil acid for blueberries. **Price: Postpaid, 5 lbs. 90c; 10 lbs., \$1.50.**

MALONEY'S PEAT MOSS

Our Peat Moss is ground very fine and compressed into a carton containing 2 bushels making a compact box. It is wonderful for Evergreens, Shrubs, Roses and all plants. It serves as a good mulch and also will keep weeds down. **Price: 2 bu., \$2.00.**

THE HANDY HOE

A garden implement designed to more easily take care of the flower garden. With its long handle and narrow blade one can cultivate and weed the closely planted garden as well as the garden in which plenty of space has been allowed. It reaches into every nook and cranny, taking care of the places usually neglected. It cultivates and weeds by drawing through the ground—not chopping. Thus roots are not disturbed and the foliage is not broken. **Price: \$1.30 each.**

RA-PID-GRO Plant Food

The sensational new liquid plant food. Guaranteed analysis—Nitrogen 23%, Phosphoric Acid 21%, Potash 17%. Nursery stock that is "dipped" in a solution of RA-PID-GRO—starts quicker, grows faster.

Enjoy your lawn, garden and flowers at their best—feed RA-PID-GRO—a clean, odorless powder instantly soluble in water, easy to apply.

Every pound of RA-PID-GRO makes 22 gallons of plant food. There is no filler in RA-PID-GRO.

Use RA-PID-GRO on everything you grow. Directions for use on every package.

We recommend for each 100 pounds of other fertilizer used in the past—purchase only 1 pound of RA-PID-GRO.

PRICES

1 pound RA-PID-GRO\$1.25	10 pounds RA-PID-GRO	...\$ 8.75
2 pounds RA-PID-GRO 2.35	25 pounds RA-PID-GRO	... 21.00
5 pounds RA-PID-GRO 4.50	50 pounds RA-PID-GRO	... 42.00

F. O. B. Dansville, N. Y.

Contains Vitamins B¹ and B².

GAT SPRAY

Fertilize your lawn and garden this new and easy way. Save time and money. Place RA-PID-GRO in jar—comes out in liquid—properly mixed. **Gun price: \$2.00 each.**

KOLO

Fruit Tree Dust or Spray Insecticide-Fungicide
Containing Kolo-Sulphur Plus DDT and Basic Lead Arsenate

Formulated for complete insect and disease control after the dormant stage, this material can be used with safety on apples, peaches, pears, plums, prunes and certain ornamentals.

A superior insecticide and sulphur fungicide of extremely fine particle size. It is excellent for use as a dust or spray in the control of codling moth, curculio, tent caterpillar, case bearer, rose chafer, plant bugs, leaf hopper, Japanese beetle, apple maggot, oriental fruit moth, peach twig borer, and for such fungous diseases as apple scab, powdery mildew, pear scab, peach scab, and brown rot of stone fruits. 3 lbs. makes 25 gals. dilute spray. **Price: 3-lb. bag, \$1.45.**

DuPONT FLORAL DUST

Here's the answer to many a gardener's wish—a single dust or spray that is an effective insecticide and fungicide. Highly effective against both chewing and sucking insects and also against many fungous diseases such as leaf-spots, blight, mildews, etc.

Contains 40.75% Active Ingredients, Methoxychlor, Technical 5.00%, Ferric Dimethyldithiocarbamate 7.6% (in "Fermate" Fungicide), Sulfur (98% min. through 325 mesh) 26.20%, Rotenone 0.75%, other Cube Resins 1.20%, Inert Ingredients 59.25%.

1-lb. Sifter Top Can\$1.25
4-lb. Canister 3.60

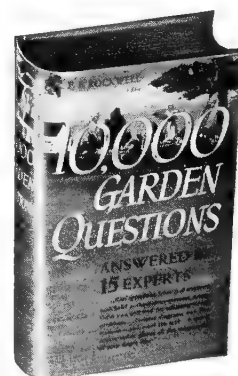

NEW GARDEN BOOK

A Revelation to Every Garden Lover.

Ask all the questions you want to know about gardening. It tells you the why and wherefore of plant life, etc.

1467 pages, absolutely the best book of its kind we have seen.

Price: \$3.95 each.

BLACKBERRIES

*for Home Garden
Berry Patch*

SWEET BLACKBERRIES

Blackberries are Delicious When Picked or When Frozen or Canned

NEW EBONY KING BLACKBERRY

The EBONY KING Blackberry is of the upright type. Its fruit is large and ripens uniformly. Its ripening period is about the same as Latham Red Raspberry or about two weeks earlier than the Eldorado Blackberry.

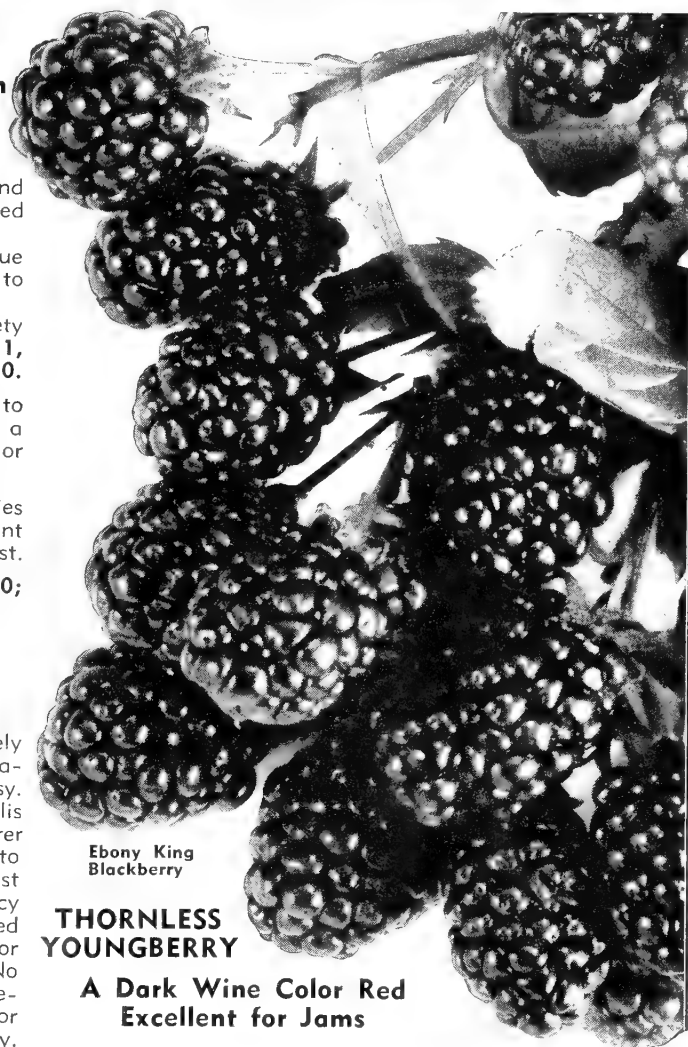

The berries are borne in very large clusters and have a very sweet true Blackberry flavor. This variety is very vigorous, hardy and also appears to be blight resistant.

It is far superior in production, quality and vigor to any common variety of Blackberry grown in the central part of the U. S. **Price: 1-yr., No. 1, selected rooted cuttings, 25 for \$7.25; 50 for \$13.50; 100 for \$21.50.**

ALFRED. Excellent flavor; very firm, large berries, size holds up well to the end of the picking season. Practically free from seeds. Plant is a thrifty grower, extremely hardy, bears young; suitable for home or market use. Early July.

ELDORADO. Our most popular variety. The sparkling jet-black berries are very large, sweet and delicious, and practically coreless. The plant is extremely hardy and vigorous, and a regular heavy bearer. August.

Price: 1-yr., No. 1, selected rooted cuttings, except as noted, 25 for \$3.30; 50 for \$5.70; 100 for \$9.90; 500 for \$34.50.

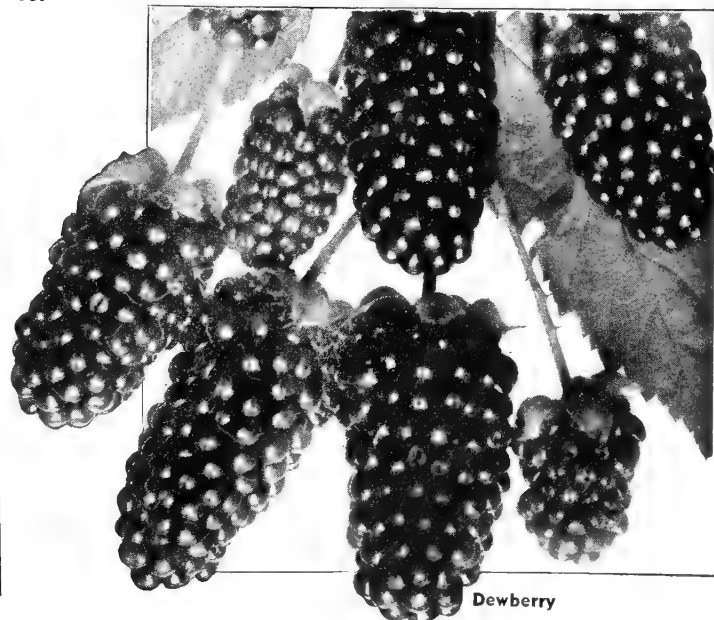

Ebony King
Blackberry

THORNLESS YOUNGBERRY

**A Dark Wine Color Red
Excellent for Jams**

Price: 2-yr., extra large, No. 1 plants, 3 for \$1.65; 6 for \$2.70; 10 for \$3.50; 25 for \$6.75.

It's thornless, hardy. Ripens early. Bears heavily and most delicious flavor. Ripens two weeks before Thornless Boysenberry. The fruit of this berry is large, a handsome dark wine-red color, sweet, deliciously flavored and practically seedless.

Dewberry

Boysenberry

THORNLESS BOYSENBERRY

The vines are absolutely thornless, making the cultivation of same and picking easy. They can be trained to a trellis or wire. A tremendous bearer of immense berries often 1 1/2 to 2 inches long, of the highest quality, large, delicious, juicy fruit. No matter whether used fresh or canned, or in pies or jelly, it stands supreme. No other berry has ever been received so enthusiastically or planted so widely. Late July.

With some protection where the thermometer drops more than 10 degrees below zero, they can be grown almost anywhere other berries can be successfully grown. **Price: 2-yr., extra large, No. 1 plants, 3 for \$1.65; 6 for \$2.70; 10 for \$3.50; 25 for \$6.75.**

DEWBERRIES

Plant the Popular
LUCRETIA

Excellent for canning. Of the Blackberry type, but produced on a trailing vine instead of upright bush. Berries extra large, long, glistening black. Attractive, firm, good quality. Plants are disease resistant. Yields large profits when grown commercially. Early July.

Price: 2-yr., extra large, No. 1 plants, 3 for 90c; 6 for \$1.50; 10 for \$2.00; 25 for \$3.75.

BUY MALONEY'S BERRIES EARLY

We Ship at Proper Planting Time

Now You Can Grow Mushrooms at Home

Easy to Grow in Your Basement
No Odor at All
Pasteurized Compost

Maloney "MAGIC" MUSHROOM TRAYS

Easy to grow in your basement or storage cellar.
No odor at all. No smelly fertilizer needed.
You know they are safe. Specially processed, pasteurized compost. You can be sure that nothing except fine edible mushrooms will grow in these trays. It's easy with these Maloney "Magic" Mushroom Trays. These handy trays are pre-planted mushroom beds set in portable wooden flats, all ready to grow. Just put the mushroom trays in your storage cellar or basement—and water them. Watch for tasty mushrooms in 2 to 3 weeks. You'll continue to have delicious mushrooms for 2 to 4 months. Ready to pick and use whenever you want them.

NO SHIPMENTS MADE AFTER APRIL 15th

Orders for Maloney "Magic" Mushroom Trays are filled starting October 15th and continuing until April 15th. Mushrooms do not produce well when shipped or grown in warm weather. Men with years of experience grow mushrooms this way for wholesale markets. Now you can grow them in your own home. Four "Magic" Trays frequently yield a bushel or more of mushrooms. Fine, tender, delicious. Mushrooms grow best in temperatures ranging between 52 and 65 degrees. Complete instructions for growing mushrooms sent with every order.

ORDER NOW

Prices: Shipped to you by Express (not prepaid) from our grower in Ohio.

2 "Magic" Trays	\$ 3.00
4 "Magic" Trays	5.00
10 "Magic" Trays	11.50

Each tray measures 14x17 inches in size. The shipping weight is 25 pounds per tray.

Save your money by buying as many Maloney "Magic" mushroom trays as possible. You can divide the trays with your neighbors. Combine your order with your friends. You will pay less per tray and express charges per tray will also be much less in larger quantities.

Something New PYRAMIDAL STRAWBERRY GARDEN FOR LIMITED SPACE

Everbearing Strawberry Plants Will Bear July Until Frost

Abundant, continuous full season production made possible with fertilizer applied and ample moisture supplied the Pyramid Garden Way. Pyramid Garden is 4½ ft. diameter and holds 50 plants planted 8 inches apart. One-third as much space required for Pyramid gardening as in conventional gardening. PRICE: Pyramid Garden Complete with 50 Superfection Strawberry plants, \$9.95, postpaid (dirt and fertilizer not included).

Simple instructions with each bed. Easy to water. Pour water with bucket into center collar or use garden hose. Water travels through sand to all roots of plants. Additional soluble fertilizer can be added to water.

Grow More Berries in One-Third the Space.

Dual Purpose-Decorative and Fruitful

DWARF FRUIT TREES

DWARF APPLES

These trees are not new with us. Several years ago we started growing them from Malling Stock secured from N. Y. State Experiment Station. We offered them for sale, the first of their kind sold in the United States. They are without question the "perfect" trees for the lawn or garden. Be sure to plant them so that the bud union is at least 2 inches above ground.

Price: 2-yr., large, 3-4 ft., \$3.00 each; 3 for \$8.25; 10 for \$25.00.

FULL DWARF (Malling IX Root Stock): Bears fruit usually first year set. Height at maturity approximately 6 feet. Very popular for lawn and orchard. Plant 10-12 feet apart.

SEMI-DWARF (Malling I Root Stock). Sturdier tree than No. IX. Bears second year after planting. Approximately 10-12 feet at maturity. Plant 15 feet apart.

We can furnish the following varieties in either of the above types:

Cortland	Red Northern Spy
Lodi	Rogers McIntosh
Red Astrachan	Yellow Delicious

We can furnish the following varieties in semi-dwarf only:

Double Red Delicious
Early McIntosh
Jonathan
Red Gravenstein
Red Rome
R. I. Greening
Wealthy

(For descriptions, see standard varieties.)

DWARF PEAR TREES

Dwarf Pear trees are also a very valuable addition to any lawn or garden. Like the Apple, it is a low growing tree. Fruit is easily accessible from the ground and the fruit is large standard size. Approximately 15 feet at maturity. Plant 12 feet apart.

Price: 2-yr., large, 3-4 ft., \$3.00 each; 3 for \$8.25; 10 for \$25.00.

Varieties: **Bartlett**, **Clapp's Favorite**, **Duchess**, **Seckel**. (For descriptions, see standard varieties.)

BLUEBERRIES

by *Maloney*

A New Development in Fine Eating

It's easy to grow these extremely large Blueberries in the garden. They require acid soil. If your land is not this type you can inexpensively treat it with aluminum sulphate and peat moss to produce good growing conditions. (Instructions come with each shipment.)

NOTHING FINER FOR THE GARDEN

Early bearing—heavy yielding—wonderful for pies—excellent for freezing.

POLLENIZATION

Good productiveness is assured by planting two or more different varieties for proper pollenization.

4 Cultured BLUEBERRIES

CABOT. The earliest variety to ripen. Berries have a delicious sub-acid flavor. Plants seldom exceed 3 feet in height, making a broad, low bush.

CONCORD. High bush, berries large, well flavored, and attractive in appearance. Midseason.

RANCOCAS. Upright grower, vigorous, hardy; fruit very fine flavor. Fruit medium to large size. Sets very heavy crop of fruit buds. Midseason.

JERSEY. Tall, nice shaped bush of attractive appearance. A good producer. Berries are large and of good quality. Late.

Maloney's Excellent Bush Fruits

TAYLOR

New Red Raspberry from New York Experiment Station. Long, conical shape; firm, thick flesh; flavor excellent. Larger than Latham and one of the heaviest bearers we have ever seen. Very early July.

SEPTEMBER—New for 1951

The red everbearer Raspberry that ripens at least 2 to 4 weeks earlier than Indian Summer. The berries are of medium size, bright red, good quality. The plants are vigorous. Supply limited. Escapes mosaic. Price: 12 for \$4.50; 25 for \$7.50.

MILTON

New. A late variety for market and home use. The berries are large, an attractive, bright red, firm and it ripens 2 or 3 days later than Taylor and Latham. The plants are vigorous, productive and hardy. Escapes mosaic. Prices: 10 for \$2.50; 25 for \$5.00; 50 for \$8.00; 100 for \$13.00; 250 for \$28.00; 500 for \$45.00; 1000 for \$80.00.

NEWBURGH

Attractive bright red. Fruit very large, firm and does not crumble. Plants vigorous, hardy and practically mosaic free. A splendid home and market variety. Early July.

ST. REGIS

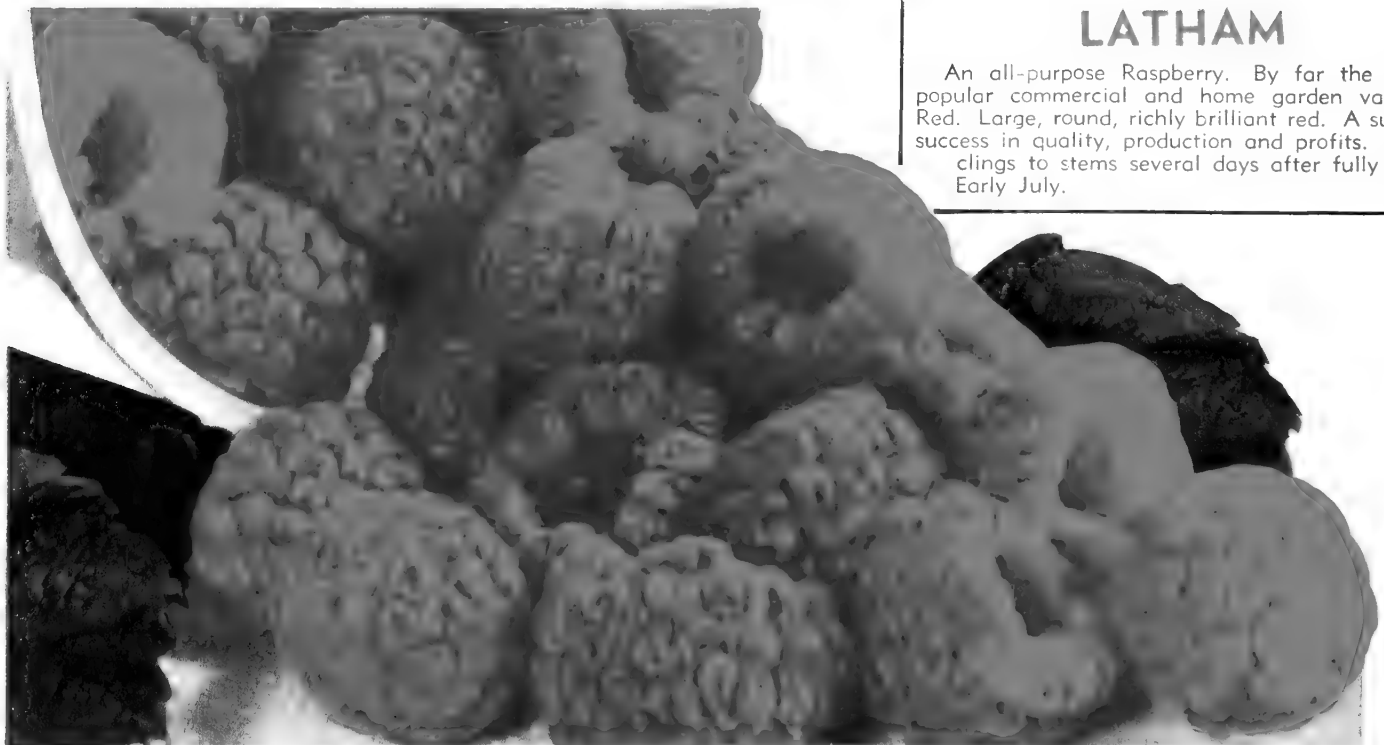

Red everbearing. One of the best. Berries are very large. Will supply the table with delicious fruit throughout summer. Starts bearing mid-June and continues until frost. Price: 10 for \$2.50; 25 for \$5.00; 50 for \$8.00; 100 for \$13.00; 250 for \$28.00; 500 for \$45.00; 1000 for \$80.00.

Raspberry Prices

Prices of all varieties (except as noted): 1-yr., No. 1, select plants, 10 for \$2.25; 25 for \$4.10; 50 for \$7.10; 100 for \$12.35; 250 for \$26.00; 500 for \$43.00; 1000 for \$75.00.

LATHAM

An all-purpose Raspberry. By far the most popular commercial and home garden variety. Red. Large, round, richly brilliant red. A superb success in quality, production and profits. Fruit clings to stems several days after fully ripe. Early July.

Hansen Bush Cherries

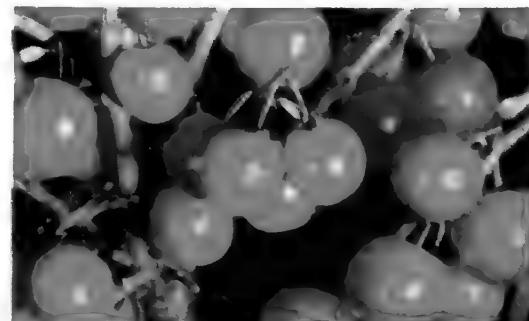

The New Quick-Bearing Cherry—Highly Productive—Good Flavor
—EASY TO GROW—SURE TO PRODUCE—HARDY EVERYWHERE

Though the fruit of this new Cherry much resembles a Plum in size and shape, it comes massed in clusters and at times almost completely covers the limbs. The tree grows in a dwarf bushlike shape rarely getting over 4 to 5 feet tall. Fruit is sour. Also a striking ornamental value.

Plant Hansen Bush Cherries Because:

1. They are so easy to grow and are perfectly hardy everywhere.
2. Are good to eat fresh, and make delicious preserves.
3. Bear from the ground up, early, heavily, and annually.
4. Are dwarf growing, bushy, take up little room.
5. Excellent for hedges, ornamental shrubs and erosion control.

Price: 3 yr., fruiting age, 75c each; 2 for \$1.45.

FAIRFAX Fruit ripens uniformly along with Premier; long fruiting season. Quality unexcelled. Berries are very large, bright red color at picking time, turning to dark red.

FAIRLAND The latest introduction of the U. S. Department of Agriculture, Beltsville, Maryland. Ripens early mid-season, producing large, firm, bright red berries. The berries ripen just a few days after Premier. A vigorous grower, producing many runner plants. It is resistant to Red Stele root disease.

FAIRPEAKE This plant produces a quality berry of good size and flavor and is a vigorous grower. The flesh is firm, juicy and red to the center.

PREMIER Perfectly flavored. It is smooth and large; its color is the commanding glossy red which sells on sight. Early.

ROBINSON Scarlet-red color and unusual firmness. It is a vigorous grower. Mid-season.

SPARKLE

High quality berry. Ripens a week later than Premier. Fairly large, bright red, smooth and firm, excellent for freezing. Plants are large and vigorous.

Everbearing Varieties

RED RICH (Patent No. 993). The finest Strawberry ever introduced. Red Rich has luscious eating qualities (very sweet). It is dark red and the fruit and appearance of the plant are very similar to Fairfax. The RED RICH is the strongest growing plant we have ever seen, are thrifty growing and disease resistant. PRICE: 25 for \$5.00; 50 for \$8.50; 100 for \$15.00; 250 for \$32.50; 500 for \$55.50.

STREAMLINER The strawberry you will enjoy without sugar is finally here. The berries are jumbo sized, glossy red and delicious, conical in shape and very uniform in size throughout the season; starts fruiting in July and extends until hard freezing weather. PRICE: 25 for \$2.25; 50 for \$3.75; 100 for \$6.00; 250 for \$12.00; 500 for \$18.75; 1000 for \$30.00.

SUPERFECTION New Everbearing. Berries are very large, tend to be round in shape. They are deep red all the way through and honey-sweet in flavor. Berries are produced 90 days after planting first season and produce exceptionally heavy crops with hard freezing weather. A good plant maker and vigorous grower. PRICE: 25 for \$2.40; 50 for \$4.35; 100 for \$7.00; 250 for \$14.00; 500 for \$21.90; 1000 for \$35.00.
